

**Subject: Volunteer Program**

**Purpose:**

To recognize that volunteers are a valuable resource as they give of their time, energy and talents to assist the library in providing quality service to the public.

**Policy:**

The volunteer program is designed to expand and enhance public service to the community. Volunteers provide a valuable service and aid in stretching limited resources by assisting staff and completing tasks that would otherwise linger. They also become strong advocates for the library. They do not replace paid staff.

Volunteers are selected based on their skills and interests in relation to the needs of the library. They will receive training on the tasks they are asked to do by the library staff who will supervise their work. Volunteers represent the library while they are volunteering and are responsible for presenting a positive image to the public. They should dress appropriately for the task they are completing and be identified as a volunteer by wearing a volunteer badge provided by the library. They will be asked to act in accordance with library policies. The volunteer relationship can be terminated at any time by either party.

Prospective volunteers are required to fill out an application and will be interviewed by staff to best match their skills to current needs. The process includes a reference check and may include a background/police check. If there are no suitable opportunities, applications will be kept on file for a period of one year. Applicants will be called if a project is identified which matches their interests.
